Ok I'm trying to install renguard and it works up to the point where I'm choosing the directory and it says C:\westwood\renegadeFDS\server but wont let me click install
Can someone please help me what to do

urm?

i assume you are installing the RenGuard client right?

if so why the hell are you isntalling it onto a server?

Server side means, that it is for servers only, and not for
the normal Renegade !

OK then what to I install for player renegade.
Jeez I should of known it was for servers im so stupid!
