There's a reason that I didn't post this in the hot topics section.

If you liked <http://www.Zombo.com>, you'll love this.

For your viewing pleasure, I present...

On zombo.com if you wait long enough, it will show a link to the zombo.com store. I think you can buy a t-shirt or something there. You gotta be quick though. It only shows the link for a few seconds before it loops again. (And no i'm not tricking any of you.)
