"Our job is to reclaim America for Christ, whatever the cost," Kennedy says. "As the vice regents of God, we are to exercise godly dominion and influence over our neighborhoods, our schools, our government, our literature and arts, our sports arenas, our entertainment media, our news media, our scientific endeavors -- in short, over every aspect and institution of human society."

Had best get the white-out out for your Constitution, then. Oh yeah, and don't forget to legalize slavery, because you can't pick and choose with fundamentalism.

"Tool" just isn't the right word to describe you anymore, especially after posting this bullshit.

Congratulations, SuperFlyingEngi! You've just been promoted from "tool" to "fucktard!"

All your hard work as a tool of the Democratic Party has finally paid off, SuperFlyingLiberalFucktard! Only a select few can ever achieve such a high level of complete and utter stupidity as you just have; it takes a special kind of person to be as completely devoid of any common sense whatsoever as you are, SuperFlyingLiberalFucktard.

I'm sure you'll be getting your invitation from Hitlery Clinton to her next anti-Republican-and-pro-communist rally in the mail; you make her and Ted so proud!

Rolling Stone has got to be the shittiest magazine ever. SuperFlamingLiberal here would be a good writer for them.

Also, read another one of his moronic articles. He thinks that the Democratic Party is drifting right. Is he fucking insane.

Hydra, tell me why I'm an idiot for posting this news article. If you might recall, I haven't actually given an opinion on it yet.

Quick!

Tell me why the Democratic party isn't drifting right.

While Rolling Stone is not exactly my favorite magazine, they come out with about 2 dozen good political articles a year.

There's kinda sorta... well.. ABORTION. I don't see the left suddenly saying life starts at conception... I really don't. If that is happening though I may need to go retake SickO's eye test, because my eyes must be going.

Better question: tell me why it is, without refering to the article (unless you already read it. then quote away.)

SuperFlyingEngiHydra, tell me why I'm an idiot for posting this news article. If you might recall, I haven't actually given an opinion on it yet.

Because you agree with every word written in that article; it'd go against your nature to disagree with any article that bashes Republicans since you're nothing but a spoon-fed, pathetic tool of the Democratic Party.

IRON FART, the only person here who ever tries (and consistently fails) to sound smarter than he really is is SuperFlyingLiberalFucktard. I have never tried to "sound smart" simply to give my arguments more substance like he does all the time. If you have ever read just about anything he has ever written in this forum, and if you can't see that, you're almost as blind to reality and devoid of as much common sense as he is.

I'm a liberal myself, and from my point of view, SFE seems like an overly analytical and paranoid sort of liberal. That is all. No more, no less.

Calling him a liberal fucktard or a "Tool" (preffered word of many) does not help the situation. People here have called him names like this and made jokes about his father like this so many times that it has totally lost its effect by now. From what I see, SFE has matured and learnt to ignore people namecalling and heckling him. Maybe some others here should mature and stop namecalling.

Namecalling does not make you sound smarter or make your argument valid.

I'm a liberal, at least apparently, for my views on the war on Iraq... I was one until Paul Martin(z?) screwed everything up... >\_<
