So I've installed and reinstalled both renegade and rengaard close to a dozen times and it keeps sayin that game2.exe is unauthorized. also there is a language error. an error 17. Need help and a replacement for game2.exe.

install the no cd crack BEFORE you install RG!!

Here's a no-cd game2.exe Blazer made:

[http://www.fanmaps.net/downloads/renegade/Renegade\\_RenGuard\\_NoCD.exe](http://www.fanmaps.net/downloads/renegade/Renegade_RenGuard_NoCD.exe)

Sorry, I meant one he modified with djlaptops no-cd patch. Sorry for the confusion [/edit]

Blazer didn't make a no-CD... that's probably djlaptop's.
