Can I please get unbanned from renguard? I used a no-cd patch.exe, ran the file, then RG said i was banned for exploit. after reading the forums, I check my data folder and in it was a game2.exe file. it has been erased and I bought renagde again since I needed th cd. But i am still banned. help me! My wol name is jjstuntz, same on RG.

Well this sounds like it could actually happen. Accidently using the nocd on the rengaard game.exe.

They might actually unban you for that one.

What is the exact ban message you see when you try to connect?

I had to reinstall RG to see the exact msg, but now I'm not banned! Thank you Mac or Crimson, whichever of you did it!

Yeah, I found your ban and took it off. I couldn't find why you were banned in the first place.
