You can download the Renegade FDS here.

and btw, you don't have to make me a mod on your server

is your password exactly 8 characters long?

is your serial code the one from the renegade CD or the one you signed up and received in an email?

the serial number you need is a FDS serial only way to get it right now is to ask someone that has an extra on(website to get them is down), and should be 22 characters long and have no "-" in it
