Can someone edit the Core Patch One files so that I can use dragonade at the same time.

I'm fluent in the second language of jiberish

nopiccan sm1 edit cpi.3 so it make a dde dragonserv so i can make it work with my bot??????

Can someone edit cpi.3 so it makes a dedi dragonserv so I can make it work with my bot?

That's what I think it translates to, now someone help nopic. Whether or not he is taslayer, this seems to be for the reason of Keeping Renegade Alive.

nopiccan sm1 edit cpi.3 so it make a dde dragonserv so i can make it work with my bot??????

It's not your bot, it wasnt made by you, you stole it from Quadra00 and everyone who worked on CFGuard. Quit asking for help for a bot you didn't make and dont know how to use.

None of the scripts on it is Quadra's. That bot was ripped from CS/NGS using piss poor add-ons
