Directly pointed to Crimson and Blazer. You are keeping the forum of the Renegade Community. May I ask you to ban ack then.

Reasons?

<http://www.renegadeforums.com/viewtopic.php?t=15122>

Again, he shows 'leaked pics' of our work in progress. As owner of those forum and if you want to look serious and mature, you can't deny the fact that this kind of behaviour can't be tolerated in a community. Even more when speaking about someone who thinks Renegade is shit and is actually no more a dude involved in Renegade.

I don't know how he got those pics. But I strongly suggest we ban him for this. STRONGLY!

Hey, You don't get that good at sucking by just sitting there.

You have to WORK at sucking as bad/good as Reborn does.

So you want him banned from this board/community because he posted screenshots of leaked stuff in a completely seperate board/community?

The only thing he did here was post a link to a thread on our forum, and the last time I checked, that wasn't a bannable offense. (well, neither is posting screenshots of someone elses work)

I think he should be spoken to personally if you have conflict rather than running to a higher authority that has no relation to your mod besides the actual game Renegade. Incase any of you did not understand me correctly, here is an example: If someone stole an apple from you, you would not go to the store you bought it from and tell them to ban the person from the store. They would tell you it is something you must handle on your own. That is all. ^_^

Surprise surprise, ACK leaks more content, for someone who doesn't even like Reborn, you have a serious fixation on it. I can understand if you don't like Reborn, but to leak WIP content for the 3rd fucking time is a bit extreme, even for an arse jockey like yourself. Get a life would ya, and get over yourself.
