After being qkicked from EoEs aow server i returned to it, and not long after my renegade shut down and my rg came up and said i had been banned for cheating. Like usual i went looking for theyre forums to appeal the ban but i found myself unable to post... thus leading to why i am here. i started up my renegade and i had this appear on my rg window.

Any suggestions?

I don't see a ban message there. Replace your always2.dat with a valid copy.
