tell me what it has? Can you see it in the following?
in your hands: (yes)
in your hands in third person: on your back: on your hud: (no)
Does it have reload and animations? (not the auto rifles reload animation)
If not, would you try to make them plz [November 08, 2002, 07:43: Message edited by: generalfox]

Just download it and see for your self, and yes u get 3rd view in hands and on back and in 1st view, but i couldnt find skin for the hud. And GeneralFox I am still working out how to make my own animations for my models so i am just using the suto-rifle ones. Ok, sorry, next time i will give u better screens and better info. Any1 have any ideas for the next weopon conversion i should do? [November 09, 2002, 04:03: Message edited by: psycoarmy]

I downloaded it, it's pretty nice. Could you better skinning (looks a bit rusted) but I still like it.I also forgot to ask if it looks like that on the ground, when you go to pick it up. [November 09, 2002, 19:19: Message edited by: generalfox]
