nopic01| wrote on Tue, 12 July 2005 16:11ahhhhhThat had to be the single-most quiet "scream" I've ever "heard".Quote:my web host just shut down can any1 host a site 4 me>Okay, here's what I'm gonna do. . . I'm gonna give you the deal of a lifetime. Here's wha'cha need t' do.

Firstly, tell me what you want your web address to be.
After that, save up your money and go to pair Networks.
Follow their instructions, register your domain, pay them via Credit Card or other means. . .and wait.
You should get an e-mail after a while saying that your domain and server are ready.
Follow the last few instructions until you are all set with your new website.You're welcome.
