Take your hip-hop crap elsewhere. Off a bridge, staring at the end of a barrel, or whatever means you please.

Liking different music than oblivion is a terrible crime, as he is more important than all of us put together.

^^ idiot

You go to a hip hop forum for crap like this.

edit: hey I know why he's looking for them here....most instrumentals have a price!
but you can just fucking google it for a P2P program that lets you get all the instrumentals you want without paying or going on to forums about games and asking for hip hop music like a fat kid dressed as a pimp with rotten teeth.
