Do any of you actually understand what you have said?

Many of you just stated that you wish to see EA get "screwed". For the past few days i have been on the UC website, trying to find out information about them, and from reading, all i can find out is that CyberPunk's "main objective" is to send a message to EA, supposedly for leaving Renegade out on the line.

You can tell im not up to date on these matters because i never even knew that EA had disbanded from Command and Conquer Renegade.

So does this mean that Barbie dolls and all of that are now for Adults Only since they show that same stuff?

heh, that gives me an idea. We should create a fake site that includes a petition to label all dolls that portray life-like features as an "adult only" toy. Afterall, television, movies and videogames that portray the same thing get a similar rating!

Just a simple way to start one. Once we get enough signatures, email the link to somebody at CNN, and watch the fun begin!

hmm... create a petition that states:

"We, the undersigned, understand that the gaming world of today is corrupting our youth. However, we also have come to notice that the corruption does not stop there and is prevalent in our schools and to youth at a very young age. This petition will stop all this by stopping the youth of today from being exposed to them. These items include: any and all dolls that allow the clothing to be removed, or have the ability to portray suggestive material. This includes the "Barbie" line, and all others like it. This suggestive material is not suitable for todays youth, and already people like Jack Thompson and other who care are taking steps to remove this from video games. This also includes all Shakespeare material that has suggestive material such as Romeo and Juliet, which promotes suicide; Hamlet with promotes incest and killing; and any other reading material that follows in kind.

We must remove this filth from the stores, our schools, and most importantly our homes."

I wonder if we can get Jack Thomson's support?

contact info:

Phone: 305-666-4366

email: jackpeace@comcast.net.

Address: 1172 South Dixie Hwy., Suite 111, Coral Gables, FL 33146.

(Info obtained at <http://www.stopkill.com/>)

I wonder how many signatures this would get?

Yeah, get his "support" on this. Once we tell him our idea, he'll realize how stupid this whole thing has become. Then maybe he'll just leave video games alone.

And yeah, if it actually made the news, I would shit myself.

If they think The Sims 2 is for pedofiles, I wonder what they think about not4chan.org.
