wen i start up rengaurd it says "WARNNG skins have been dectected. You will not be able to join a Pure Server."

but i deleted all the skins iv downloaded and it still says that and iv looked over and over in my renegade data to see if i missed any skins, and it looks clean to me. but it still says it detected skins. HE1P M3.....plz

Unless you are planning on joining a pure server, you can keep your skins.

Wrong forum, also.
