As of now (16-8-05 = 00:45) i will no longer be
participating in the useage, creation or distribution of cheats
for Renegade. I have reconcidered the value of the game and with
flaming from the Renegade Forums have decided to go "clean".

I will also be posting my $30 to the Blackhand Studios Donations
fund to have my name cleared from the Renguard ban list tommorow
morning.

I will still be participating in the other areas of
UnknownCheats, for example;

All of the general section, Images, PC Help, flaming section
etc...

but will omit the bookmark to this page from my browser as soon
as i have tied up a few loose ends.

I dont suppose anyone else feels the same way, but this is what
i am doing. I wish everyone in this section good luck on beating
the game but for now, see ya.

- XeonTeam -

I wonder if this will make any of you change you minds about me.

- please don't post links to that site. I can vouch that this thread exists there. -Crimson

And what I have for Kholdstare. Whee!

So, Xeon. . . Let me ask you this. Why were you a part of the Renegade cheating community in the first place? What possessed you to do something like that? Is it one of those "bigger dick policy" things? Or did you just like to screw with people a'la [myg0t]?(Typical example, yes. . . But that's the only "hacking clan" I can name right off the top of my head. Sorry.)

I dont know you, but I hate cheaters and I hate the ones who made the cheats in the first place, your just as bad as these terrorists shits bombing london and crap.

but if you going clean, then you have my respect to a point.

Subject: Re: Xeon is no longer a part of the C&C Renegade cheat community.
Posted by Spoony_old on Thu, 18 Aug 2005 16:44:22 GMT

Why does he deserve respect? He spent ages trying to destroy a computer game just because he sucks at it, once people started flaming him for it he cried like a baby and said he'll stop just so people can't be mean to him anymore... It's not like he's doing anything remotely productive, is it? He's only "going clean" because insults on a forum make him cry, not because it's the right thing to do.

Subject: Re: Xeon is no longer a part of the C&C Renegade cheat community.
Posted by IronWarrior on Thu, 18 Aug 2005 16:59:06 GMT

oh I only respect the point that hes going clean, nothing elas about him, he as a person, I do not respect at all and would quite happy walk pass him if he was on fire screaming for his life.

I just respect the aspect of him giving up his cheater ways and being clean...hes still very much of a n00b

sorry for the misunderstanding

LMFAO, role model. I guess being respected by people who have nothing better to do than cheat in a dead computer game makes him feel like his life isn't such a complete waste of time.

Personally I don't beleive him, I have no faith in cheaters. Once a cheater, always a cheater.

And as for nopic, don't ban him, he's comedy value I just suggest you put a filter on his posts for "server owners access" "pms" "UC" etc.

Then let him whinge for entertainment.

Sounds like one of those modifications I've played. . . Like. . . I bought a Mammoth Tank, right? 800/0 stats.(As opposed to 400/400.) To everyone else, my energy wasn't going down at all. . .at least not until it hit the 400 mark. That particular modification made it a pain to completely fix my Recon Bike next round, I must say. I couldn't tell if it was fixed without hopping in about five times as I repaired it.

You're kidding me, right? "Lack of trust"? What makes you think that you, a known cheater and cheat supporter, are going to be believed when you just randomly say, "I'm done with cheats"? Even the most gulible people are going to hav to see it to believe it. Prove it to us first.
