but since its here you probably need to login to WOL, then close ren, restart ren and login again  
for RG to pickup your WOL nickname.

Oh, and did you know your caps-lock key got stuck on for your last sentence?

Yeah, he probably did know he had it on, he emphasised hispoint.

Press [WinKey+R]

Enter c:\Westwood\Renegade\game2.exe and press enter.

That will load renegade without renguard.
