The "User List" From a Moment AgoThere are 2 members(s), 1 invisible members and 130 guest(s) visiting this board.

If I may borrow the phrase for a moment. . . What the fuck? Stalkers!

This pointless post provided by absolute boredom. Thank you for your time.

Oh lay off. That's not spam. That's a relative, quick comment that actually does relate to the topic. Unlike your post. Harr. :x

But it ignores the fact that all 800 guests were bots most likely.

And if the site was still up while 800 guests were viewing it, then what's the problem?

No problem, really. It just surprises me the massive amount of people "logged in as guests" vs. the ones logged into their accounts.
