The following individuals were nominated as Category Moderators. Somehow it got in there that I was doing more than just the tech support and BHS forums... but I don't think we quite need any more help in the other forums just yet...

Here are all the nominees. If you are on this list and you don't want to help moderate and determine posting rights in the Tech Support and BHS Products' forums, please respectfully decline in this thread.

The rest of you may use this thread to discuss the candidates.

Now, the list...

Nightma12
Zunnie
pyroacidk
Lijitsu
Kanezor
Hydra
Doitle
Renx
Dead6re
Spoony

I dunno why i would be nominated for the BHS forums. Tech Support i can kinda understand, but not the BHS forums.

LOL, you both nominated yourselves! (cept Spoony did it for clan section)

Lijitsu, I think I remember you nominating yourself and for the reason it was like : o why not or something.

Anyways, the people I like best on that list are Hydra, RenX, and Doitle.

Three of those nominees are idiots, and shouldn't have any chance to win. Those being zunnie, nightma, and dead6re. I'd say the best two candidates for the job would probably have to be Hydra and RenX. The others either really don't want the position, wanted another forum, or I don't think would really do a good job on it.

I know what you're like. You weren't gzlined for no reason, now were you? Zunnie likes to abuse his powers, and it's evident on n00bstories IRC. Nightma's a child, and children with power is always a bad thing. That among other things are why I don't like you three and protest you three getting power.

Actually, Lijitsu being nominated for Tech Support and the Blackhand Studios forums is my doing. Why the Studios? Because Lijitsu has as little tolerance for idiots who get banned due to their own incompetence and feign innocence as I do. Why Tech Support? Pretty much the same reason. . .just a different topic.(IE, people being stupid about obvious technical issues.)

First off, let me say, shut the hell up. Wow, you have been on a forum for a bit.

Now that that's out of the way, it will be moronic to type it.

Zunnie has NEVER abused anything whatsoever. He probably has banned you from the MP network because you are a shit starter, you don't contribute ANYTHING to the Renegade Community but your smart ass remarks and pissy little shit attitude. Many a MP have done much more than you will ever do. Got that, old man.

How the fuck would you know if he's ever abused anything or not? Do you continually frequent the n00bstories IRC? I highly doubt it, or you'd see his abusive ways. I'm not the only one who's been affected by it, so shove off.

What has any MP member done? Steal wilost0rm's shitty "plant a defense" beacon script? Oh yes, such a great contribution.

My Brother was banned from your server because it was thought he had cheats when he was on my damn computer. Not that I care, you can keep him banned because really, MP servers suck ass. Its a noobfest in there. People run in straight lines looking at him while I have a sniper rifle so what does he do? He shoots them, just like any normal player. You guys should test a person for cheats before banning them. btw, his name is [GDE]kaniva[GoD] and he owns you.

I do feel that RenX could do the job fairly well. From what I've noticed of him, he could handle situations in a mature fashion.

I haven't noticed Zunnie actually post in the forums in question, so I'm not sure if he deserves to be a mod of such... Thus, him handling such things would be a totally different subject at this point. Maybe I'm blind though?

As for everyone else (excluding myself, since I'd be biased), I could hardly care either way. Just as long as whomever does get chosen does not abuse their powers, I would be happy, of course.

I have been to the noobstories IRC once, and from what I saw YOU were the noobfest, many of MP fake names and MPMUSTDIE!1! names, don't try to bullshit and say "Oh thats my [insert name for MP abbreviation]" Just as I joined I recieved a bunch of bullshit and was kicked. Talk about abusive, we don't visit that because most of you angry little power hungry twelve year old can't realize that people actually work for their servers.

The last time I saw, which was about 1 minute ago, Wilo was an Op on our servers. So piss off.
