I'm pretty damned sure you already posted a topic about this elsewhere, nopic. And if you can't send money, then too bad, I guess. You're smart, though. I'm sure you'll figure out a decent alternative to play.

Of course you can send money, you just dont want to.

If you hadn't tried bypassing rg in the first place it would never have happened.

I think what nopic is trying to tell you is that he is really $24 - 15 = 9$ years old.
