I need training on that game, and a new mobo.

I don't have the first clue about this game, squads, how to fly etc. I just normally grab a spec ops and try to capture flags.

I've played about 6 games so my stats aren't really worth posting.

~4200 points thus far since release, on hiatus until I can get the game working again (my college network doesn't like BF2 very much). DAO-12 unlocked, most used kits: Medic and Anti-Tank. Most used vehicle: APC.

I don't care much for ranked servers other than for the purpose of unlocking my next weapon...I think that once I hit 10,000, I'll probably stop playing ranked servers altogether. Too many score-whoring fuckheads in ranked games.

Aircraftkiller is one of those BF2 players that you want to strangle to death because he's so fanatic about his stats that he even has all of the badges!

I doubt it, hes ok at the game. I have people that have better stats(in terms of k/d) in my clan I believe. I'm going to check Deadwolf's stats right now

EDIT, i don't know whos better comparitively. However, here is Deadwolf's stats:

Hey, one of the best weapons in Battlefied: Vietnam was the TT-33. The best thing for when you run out of ammo, and still have someone to kill. Generally if you ran out of ammo with it and still had someone to kill, you were either dead, or going for your Melee Weapon.

My computer is somewhat old, and only had a 200w PSU. So I ordered a new, 400w Ultra PSU.

good good. Was just checking if you were going to make the same mistake as me and get a 600watt PSU only to find out it's faulty and blows up your computer.

When you play as engineer 60% of the time you learn to sharp shoot with a pistol. They are amazingly accurate albeit under powered.

Actually while I'm here can anybody tell me how to stop BF2 from auto joining a random server the second I log in? It's damn irritating having to wait 10 mins so I can quit and another 20 mins trying to find a good server.

Don't open the shortcut named "Play BF2 Online Now!".

Also, when Battlefield 2 comes up, don't click on "Play Now!" in the bottom right corner.
