Upon launching Renguard, I recieved this error/ban message:

Quote:[15:49] Trying to connect to server #1...Connected

[15:49] Secure link established.

[15:49] Message from RenGuard: You have been banned by mac on 04.09.2005 15:18:35 for kirbyfan: attempting to bypass renguard. Goodbye.

[15:49] Disconnected from RenGuard network

Now, I'm not sure if you got me mixed up with this "kirbyfan", but I have never used that nick and have no cheats on my computer. Nor have I ever attempted to bypass renguard. My only nicks are BBFBlast, BlastBBF, and ex7r4n1ck. If someone would please remove me from the banlist, it'd be greatly appreciated.

Thanks

Not trying to be a pest, but I'd like to get this resolved ASAP so I may continue playing in the few good RGED servers.

Thanks

You might want to pm Crimson about this.

From my point of view, you obviously cheated/tried to bypass renguard but she seems to be giving certain people second chances recently.

[edit]If have you have been a total retard then you can donate \$30 to BlackHand Studios to get unbanned from renguard.

This appears to have been in error. Ban removed, sorry for the problem.
