Are you trying to hijack this thread with me, or are you trying to help him, George? o_O

I am guessing by the sheer force of our hijacking abilities, this thread will be closed today, say around 3pm EST.

Try to avoid double posting, we try to obey rules while hijacking the topics. It makes it so they can't ban us.

Also, please post in full English including the use of full stops, capital letters, commas, apostrophes, paragraphs etc. etc.

Not only is it common sense but it's also patronising.

We wouldn't want to be hypocrites and mock the illiterate 12 year olds on here when our own English isn't up to standard now would we?

I already have almost all of Led Zeppelin's albums, they are my all time favorite band. I just like a little hip-hop here and there. In small proportions too.

Yea, I mostly listen to New Rock and some classic rock. Every once in a while I like hard rap like old school NWA, The non-suck 50 cent songs and Eminem. That usually happens about once a year. Otherwise I kick off the gangsta tunes and listen to the head bangin stuff.

I really wish 50 cent would fuck off and leave the music industry alone.

Eminem at least has talent, I love his re-make of Dream On by Aerosmith. His lyrics have meaning most of the time. There are still songs I don't like mind you.

And 50 cent, argh don't get me started. With him it's all about "bitches in the ho-wagon" etc. How on Earth he got a record deal I don't know.

50 went in it for the money. He was able to make a few good songs, but for the most part he made his own industry. G-Unit. G-Unit is very strong right now, with a lot of good people right under 50. Tony Yayo and now Mobb Deep. 50 is pretty much set for life, even when his popularity and the popularity of this style of music fades. He was, in my opinion, a very smart business man.

You can tell that 50 Cent is intelligent, but his music still does suck. Eminem sucks now because he has went purely for marketing rather than for the music.

That's where you're wrong. I can always ban you at any time. You're making more work for me than help, you know.
