I read the topic where it gives links to all kinds of intresting programs, including the sniper server side mod but the link is broke unfortunately . The search function didn't bring me closer to my wishes neather.

I look for a decent snipe server side mod. I'd like base defences to be off, airstrip down ofcourse but I don't want infinite ammo and I want reloading on. Would be nice if the only characters you can choose are snipers.

Thanks for the help .

I think he talks about an objects.aow. Download the attachment I put here, it's from www.mpmaps.net and is working. Description is on the download site.

```
File Attachments
1) Snipermod.zip, downloaded 225 times
