Thanks!

Our forums had to be re-installed so there's no activity there right now, but I encourage any serious gamers to drop by, we are going to make a huge effort to become one of the most well known clans around GSA.

SuperMidgetThanks!

It's called sarcasm.

There's some interesting conversations going on over there. I particularly found this thread intriguing: <http://www.rc-gaming.net/forums/index.php?showtopic=6>

And for all those who can't be bothered to register:

That wasn't sarcasm...

As to this thread -> <http://www.rc-gaming.net/forums/index.php?showtopic=6> a bunch of MP clan members got a hold of our forums and decided to jack it full of spam. I just got it under control.

lol Nice to see that you're back at what you do best, flame and spam up people's threads. Get a life?
