hobowars.com

Anyone heard of this? It's a pretty neat little online game thing, like KOL (Kingdom of Loathing), except done a whole lot better. You train your hobo and level them up and stuff.

You can even capture rats, train them and then bet on your rat to fight against other rats.

So I was bored one day and found it. It's pretty neat.

It's not, it's quite fun. My clan mate found a game and posted the link for it on our forums: Dark Throne Beta It's pretty damn fun, you can choose between four differant races, Humans, Goblins, Undead and Elves. You build up a town and attack other players for gold, and if you're the undead, some citizens. However, the only way for the Undead to get them, is to kill troops.

Edit: Oh, and, by the way, the link is a recruitment link. If you go to it, I get 250 gold and 1 citizen. If you sign up under it, I get 10,000 gold and 10 citizens. I only get 30 "outside recruitment points" per day I believe, so don't constantly click it.

Edit again: Sorry for changing the subject and everything, SuperMidget.

Lol that's cool, maybe I'll take a look at it.

But this hobowars thing really is pretty cool. I know for a fact that 3 people from this site already took my advice and signed up. It's really cool, give it a shot

Yeah, I'm one of them. Thanks you for the link, this is a fun game. I think I've just reached 3rd level. To school I go!

Edit: My clan mate posted a link to another game, Urban Dead([www.UrbanDead.com](http://www.UrbanDead.com)) and I found another game there. Raven Black's Vampire or something like that. It's like Urban Dead. In Urban Dead you play as either a Zombie, or a survivor of a great zombie... Y'know what? Ever seen Dawn of the Dead? It's like that, except Zombies dont automatically run like that. The Vampire game is alittle alike, where you're in a city and you go around drinking humans and other Vampires. Apperantly there are Vampire Hunters aswell, and there's also some shops, pubs, hidden buildings, and Public Transit Stations. Again, SuperMidget, I'm sorry for going off-topic like this. The link I gave you for the Vampire game is a Recruitment link. You click on it and sign up, I get 10 pints of blood, which roughly translates into experience.

Edit again: Oh, and there are banks in the Vampire game aswell.

It would be fun if you didn't have to register on stupid spam websites to get points.

Yeah, that's a pain. I've done all of one currently, and that's all I'm going to do. You don't need the points either, they just help. If I remember correctly, the money exchange rate is: 1 = \$50,000. The skill point exchange is: 5 = 1 SP. I'm goin for the money, probly.
