Maybe they keep coming from dummy land. Dunno. A few things as to why this topic is irrelevant:

- A) You have no reason as to why he/she is a cheater.
 - B) You have no proof that he/she did cheat.
 - C) Was he on Renguard? If so I doubt he/she cheats.
 - D) Come back with all this info and maybe you will get some answers.

He dont runs renguard and we all forcerg him. He kills the harvester with pistol (he said it "i can kill the harvester with a pistol") we all had 0 points and he had already 20000 points. You can add him to your buddy list and join him, you will see he is a cheater.

a) harvesters dont give 2000 pts for being killed

b) if you had 0 points maybe you should go shoot the OTHER teams soldiers

Even if any of that was true, you still do not have any proof. A.K.A. Screenshots, logs, etc.

"He dont runs renguard" ... wow theres some english for you. If you all forced him then he got kicked and can't come back so wtf is the problem? And I can kill the harvester with a pistol too ... it just takes a while.

I think that Cabalbeta should still be told:
DJMYou fail at life.

I've been using that quote for about a week now. Works wonders on the Xfire forums.

Cabalbeta, you might want to provide a bit more evidence the next time you'd like to try outing a cheater; perhaps a screenshot of him cheating, or a log of attempted !forcerg.
It's good that j_ball430 was able to vouch for you, confirming Wurm as a cheater.
Regardless, however, thank you for outing a suspected cheater; it would be wise for us to keep an eye on him if we see him ingame.

The rest of you have been complete and utter assholes. Here's Cabalbeta, trying to out a suspected cheater and improve the Renegade community, and you all are jumping down his

throat. What the hell could you all possibly hope to achieve by badgering the hell out of him? You're only going to succeed in needlessly driving people away.

Quit being assholes, all of you.

That's right, it self-repairs. It's hard to remember that sometimes. I can kill it with an Auto-Rifle if I had unlimited ammo!

Yes, they can, depending on the cheat.

No, you can't it self-repairs to fast. A pistol shot will give you 1 maybe 2 points every few shots, so it's not worth the hassle. Use C4, it gives alot more points, and does alot more damage. Though

alot less than I would expect for C4, oddly.

give it a rest, everyone over the age of 10 knows the proper ways to point out a cheater SS, logs, etc... if he (cabalbeta) comes in here whining with no proof at all, he should expect to be treated like a n00b

No, you can't it self-repairs to fast.

Like mammoth tanks, harvesters only self-repair when they're half dead. You can pistol a harvester down halfway%. It'll take all game, but it's possible.

Oh, I thought the Harvester was all health and no armor. Didn't realise it had armor, never occured that it could. I just thought it didn't need armor, considering how much frickan damage soak it had.
