I think that the worst thing that happened to Renegade since then to now is to many n00bs & cheaters ...

Westwood being fired since they couldn't finish the game. All the problems above could have easily been avoided if they weren't.

Thats easy when Final Ren and Big Head came out... Spring 03 I think? Even though it took a while for rengaurd to come out afterwards if it was a few months longer it would of been a lost cause.

It's a tough choice which was the worst...

- * The existence of several communities which shall remain nameless
 - * Dedicated server prices going low enough that complete bumbling retards can afford to run one (related to the first item)
 - * The death of DOM_TreyD
 - * The closure of Westwood Studios
 - * The widespread release of cheats
-

The influx of a) n00b script kiddie cheaters, b) n00b moderators that can't tell a cheater from a skilled player to save their life...i.e. HTTPBird headshots somen00bmod then somen00bmod: H4X!!!! somen00bmod: !forcerg/!ban HTTPBird and c) n00bs in general who don't know what the words "Flame Tank Rush" mean

1st: The closure of westwood studios, which affected all c&c's if they were still around things would be different, for entire c&c series.

2nd: EA = evil

3rd: cheats

if i think of more i ill post them.'

btw DrasticDR, i have seen scythar, kepolar and alienorb play not long ago.

yea....stealth mammy's and Stealth GDI soldiers...along with the God mode soldier.

YOUR MOM!! BOWCHIKCA WOW WOWWW

J/k but personally I think it was sometime after the last update was released, when all the hacks started to come out and westwood online became all EAified.

#1: EA Rushing the title and having Westwood completely redo it after the E3 presentation, and cutting half of the game out in the process.

#2: One of the worst communities that ever spawned (talking old school here, if you guys remember anything on the westwood boards *shudders*)

#3: The forming of several communities after the closure of Westwood

#4: The closure of Westwood (I still drive by there old studio when i visit vegas and pay my respects)

#5: Dom_TreyD :(

#6: People figuring out that Renegade was moddable... in a bad way.

#7: The amount of time it took for this community to do anything together.

I think the worst must be people like you, saying "nice what you do but it's all too late" while doing nothing positive yourself...
