total time played 12346766
total time spend in vehicles 3790622
total times on gdi 6371
total times on losing clan 13468
total times on nod 6658

do I have to see this as in minutes, hours?

Seconds. I don't think they're accurate anymore though.

If it is calculated by seconds it would mean you have played 3429 hours of Renegade

Ok well simple math for ya

total time played 12346766 =
Mins = 205779.43r aka 3333333333333 etc... (12346766 /60)
hours = 3429.6752r (12346766 /60/60)
days = 143 (12346766 /60/60/24)
weeks = 20.4 (12346766 /60/60/24/7)

I think it's safe to say it isn't calculated in hours...

12346766 hours =
514449 days =
1409 years

and the only person who plays that often is Tomisda.

Change mision08 to your nickname. It's not up to date though.

   Date & Time   Ladder Pts   Game Pts
11/28/2005 21:38:43   -102   51

Looks pretty damn up-to-date to me. I didn't know they're still being updated, to be honest.

I don't get it. Scythar says its current to 11/28. I search the page and it finds that date. But I can't see it on my screen, and I can't believe I lost 102 ladder points. I don't remember ever losing a game.

Plus, the page is not displaying correctly.
