I registered the following nicks on XWIS when it had no servers on it like appx 2 months ago they were working like 2 weeks ago now it says the pass is invalid. Neither can i use them for hosting a server but before i was able to. it just keeps trying to create channel.

the nicks are:

a0000000n

a0000000z

a0000000o

a0000000p

and i think 2 more with seven 0's

i have forgotten those but i will remember coz i wrote them down some where.

How do i know what the problem is?

The nicks for C&C Renegade were reset shortly before XWIS went live.

I lost some a00 nicks too.

But you know what? I really don't care about a00 nicks.
