Damn, you people are really mean...

If i could only have one power, i suppose immortality.

If i could have many. The ability to fly (The dream of every human), The ability to freeze time, Immortality , and of course, the power to shapeshift.

Be careful what u ask. If immortality means just living without any quality of life, then it's better not to have it, right?

And I second all seconded statements...

Unlimited amount of saves & loads (and 'slots'). And when you die, you'd of course get to quit as well
