Dunno if this is the right place but I was wondering if someone could possibly make a skin for me(not really my thing).The idea is crazy,its for a renegade video,and don't ask why:D.Anyways what I would like is a female character with a mcdonalds uniform.So if anyone could please rig me up something that would be awesome,if not o well(not really expecting someone to:()

Hey sorry to reply so late but, I have something similar:

Cluckin' Bell uniform (from GTA) for fast food, it's pretty close. Otherwise you could ask Matt on the forums.
