I have been looking up a map editor for hours and all I found was a bunch of patches for renegade! Can someone tell me what program to use to make maps?

I do believe a lot of what you're looking for resides here:
ftp://ftp.westwood.com/pub/renegade/tools/

Ok, I have the tools, but the tutorial for them make absolute no sense! Can someone tell me how to make maps, or at least give a link to a tutorial?
