I have been looking for a week now and all i found was broken links and the only download i found was the one on fileplanet, which you have to be registered for \$30 a month or something, anyways, IM LOOKING FOR FREE DEDICATED SERVER, not a expensive piece of crap that costs 100\$ a month! And please don't give me a broken link.

www.cncnz.com

Look there. I think they have one.
