The second one there. But its probably not that. I'm not sure anymore. Maybe someone else could help you with this.

is your password correct and your account name?
When your settings arn't right he will give this also...
I don't know or this it is...
Try it...
more i can't do.

Try reinstalling a new FDS with a diffrent nick. If that doesn't help it are not your settings but some sort of netwerk related issue. Your IP might even be banned from XWIS
