Any time I start Renguard now, I get a white background where the MOTD should be. I believe this happened after trying, and failing, to install Core Patch 2.

Wait 20 seconds before clicking renguard and see if it doesn't come up.

It could be that your firewall blocks the page from showing up.

I don't think so, the screen is usually there. Besides, even when I kill the firewall, screen still doesn't show.
