"spare your flaming or else die gayhead"

Well, you've now placed yourself firmly in the idiot category in my book.

Also, that map looks horrible. :\

Maybe this should go to the mod forums. Anyway, I wish I was able to make maps too. Maybe someday.....

I wouldn't even release a map if it had so many bugs as yours has... Test your stuff before releasing it, or at least call it an early beta if it's a big project...

This has to go to the Mod Forum.

Anyway, we don't want it to end up in the Hall Of Fame like zerathul's did.

Recon, you might want to check this out before posting any stuff that are supposed to be in beta stage.
