As i told u i would post Crimson.

I basicly let you know where i stand crim

Its not gonna happen again, you dont know that but i do.

To accomplish my goal i didnt even need to run RG, would have made no diff, now that i think about it.

I joined had a mod that i created for 1 purpose only, has 1 modification.

It was to destroy the cargo plane, and make the vehicles drop in odd places. I enjoyed it for while, i liked the reaction people give. Ive learned it is not fair to get my jollys at a innocent gamers expense.

Naurally i would like to be unbanned, but i dont think its gonna happen, since u have no way of knowing i wont cheat agian, even though i Know.

And i can not afford to pay thirty dollars for RenGuard network acess, i need a new truck.

If it is not to much trouble, just let me know my chances of getting un-banned. I would like to see RG grow, and in the future i will be more able to fund BHS activitys, like RenGuard. After i get my farriers liscene, i will be in a better financial position to help how i can, please hold me to it

Well... it might be just a suggestion to ban until the new RG comes out, but that might take awhile.

Tell me, would you still be doing it if you weren't caught? Good question, heh?

as i understand from what crim told me BHS is doin everything they can to keep ren alive, and to give everyone a equal gameing experiance. To make that happen BHS would need consumer support. I didnt quite understand that before, untill we talked.
Ive played ren for a long time and seen it go through some changes, honetly i didnt think anyone cared about it anymore.
i was wrong, crim cares, and now i do too.

would i have donated if i hadnot been caught?

Like I said eventually yes.

i hope you guys make it atleast \$50 - 100 for these cheaters, the small amount of time we get at end of day to play renegade is ruined by these guys.

Ma1kel your post lost me. Was that directed to tthom? If it was he IS a server moderator.

Anyway, some people who have cheated in the past do realize their mistakes. I attempted to bypass RG in the past, but I paid for that mistake. I was forgiven and I do thank Crimson for that. I'm only 16 and there would have been no way for me to come up with \$30 a while back.... As I was a child, that makes my ignorance and my lack of money self-explanatory. I'm not saying this guy is the same.

Well as off topic as that was I would go back on topic, but there is nothing for me to answer here.

Goztow if you mean me... I did say a while back in that post didn't I? Anyway if you mean him, ok I do believe with you. However it also depends on how long he has been playing Renegade, now that he had that kind of experience and got banned, and by the looks of his post I do trust him.

Well of course thats just me....

Hey umm, I didn't know that it was you I helped a few people. And I don't remeber an umm. Lol
whats your Ren name.

Edit: Errr Gotzow -> Goztow
