Hey.

Where could i get the No CD Patch?

-----

Peace!!

EDBecky.

<http://www.beaconpedestal.com/nocd/>

Do not try to install this after RenGuard is installed, because the patch will not work. You can either rename game2.exe and game.exe or uninstall RenGuard, install the no-cd patch and reinstall RenGuard.

Just install CP2, it installs the TFD game.exe (which is a no-cd).
