Ok so this sounds like bull crap right? Yes i does, even to me and i've experienced it. The handgun has only 12 shots and isent an auto-matic weapon. But if you can get headshots with it, it can do more or at least rival a gun such as the laser rifle, no joke. The handgun is overloekd in power being the only weapon every class has, but think of it this way, it has unlimited ammo and reloads very fast. Im not joking when i tell you ive killed a havoc with a tech before with a handgun, the handgun's bullets dont have good aiming properties, and not much ammo per clip, but if your good and aim and can get headshots, you will rape as much as almost any class will, except like ramjets in tunnels or gunners etc.

The handgun is a good weapon if you can aim very precisely. So far i've only been able to hit head 4 out of 12 shots i make so i'm not very good with it.

Yes, its very good.

BTW Feet go to the crc forums and register, then read in the joing application section on how to join, we'd love to have you.

Well if 4 out of 12 shots is good, can i join ???

On cnc\_walls\_flying.mix I killed 2 havocs with the pistol of a soldior. Mostly Headshot , no damage on me and noone else shooting them.

(Edit\*/Later Addition) And i wasn't cheating/hacking either

The Pistol's actually not bad if you go for headshots. Obviously if you have a better weapon available then it should be used, but it's a nice surprise for anyone who thinks that just because an Engie's used his remotes he's an easy kill.
