Ive gone onto renegade today and joined a server, it froze so i left. When i tryed to go onto the online one again it said that my nickname is already in use, what can be done for this?
Thanks Josh

it means you disconnected. when you disconnected, your nick stays in use for about 20 minutes. Use another nickname to login with in that time and retry.

This only happens if you have a messy disconnect. Normal quitting will not cause this issue.
