Can anyone tell me why my summary page is messed up? From 2-26-05 through the first game on 6-14-05 the page is fine. If you notice on pic06 the date jumps from 12-04-05 to 4-01-06 (the last game I played)

four months of games are in limbo somewhere. Any help will be appreciated. Thanks

I have included a few pics of what I see, zoomed out.

The latest version of opera. Though, it's the same with IE.

The game stats are messed up too. It uses to have total vehicles destroyed. Do you get the same thing I get when you click on my link? I ask this because, I posted the link then stated it was not up to date. Someone else posted that it was up to date. I dunno

Actually it is even worse in IE, HMMM. confusing

I always only see my last game at the bottom, then the rest are from before XWIS took over.

Thanks Light, I don't know what to do about this. Could this be a cascading style sheet document issue? Maybe, someone can post the links to each individual game summary for me. LOL I'm running Opera 8.53

I'd like to be the first to point out that dumbass question about the CSS files. Thats a server side issue, dumbass question.
