I must agree... People talk shit about the clan / community AFTER they get booted and in some

cases leave. Back then (A few years back) You were very dedicated to the BA Cause. Now I dont know... I dont see how you can say what you just did when you rep'ed BA. Perhaps you will

Well we are still living strong, and still have players playing Renegade.

I guess I shouldn't let a 15 year old boy get the best of me so I will leave it at that.

BA = Freeloaders
How? I was in their clan for like a whole month, amunra suggested it

Then they became, erm, "FreeLoaders" which asked like 3-4 servers from me.

I would say BA would have better names than "trooprm06" and "trooprm02"

Saying this, i remember my mate playing them in a 2v2 snipe, they boasted they were number one snipe clan at the time on wol. Naturally My mate and I were from GSA so didn't have a clue.

And true to the Trpm clan, they got raped, and started running around with chem warriors.

Your clan is the most retarded i've seen apart from...hmm... DoR?

So if i were i would shut it as you can't back up you petty insults.

Calling dan gay is friendly banter on my part, we don't take it seriously.

But go on, find this thread and back up your accusation.

Oh wait...you can't as it doesn't exist.

aside from my little post of immaturity, I am well aware and know that either you/iron_fart placed those on the website in order to frame me. I am not stupid, I would not have placed phishing files on a site that I paid for, thats like shooting myself in the foot. If it were found by the host, I would be the one responsible, it just makes no sense. Now, instead of being a major dick(like you were) you simply could have asked me to leave, but thats beyond the point now. good luck with you and your "clan".
