I need Capitals in my nick in Renegade.

I remember the Start> RUN> regedit>

But where exactly do I change after that?

Simply go in Renegade, my information and put "auto connect with this nick off". Then when it shows your nick after clicking "WOL" do delete account. Fill in your name again, with caps this time, and your password and it'll be ok.

Wow, "I'm with stupid"

<<<<<Points to himself

Thanks man
