Banned on our server for Final renegade, saw him banned on at least 3 different servers. I find this an interesting and good approach from Crimson, maybe she can talk some sense into these guys. Too bad the only way to get to this point is to actually use the hard ways.

BTW campino: cheating is for losers...

I dont know whether this matters or not but he also goes by "Juli91" unless its a family member using that serial number.

The person keeps trying to come back into RenStation.net and [NE]WarZone with a bunch of different names, but campino and juli are hes/her main ones.

Sorry if advertising is not allowed.
