Can we spend a little money and get a choreographer producer and director in here?

A friendly game of Renegade anyone?

That music video was amazing! I'm going to learn all the moves!

That German kid have mental problems. Does anyone who speaks German here fancy doing a transcript for that?

Isn't it though. I think the song is rather catchy after about 4 viewings. I almost clicked on another video when I heard the first note. Glad I didn't, as we all like a good train wreck. The German kid has to be acting. I have a friend that has to buy 3 or 4 mice at a time because he has issues. Though, nothing like that kid. I think it's acting but I may be wrong.

I can translate some of it, it's not my first language nor can I understand him when he's screaming fullout, but mostly he's just sceaming "start up you damn game" "lets go" he's waiting to get on and i think his computer is taking forever.

Edit: Some of the things he says

I'm only going to tell you once, go!

What's wrong with you...just play!

When he starts dancing he says "now it's going" a bunch of times

Basically for the rest he just cusses at it, nothing special
