Here are some screenshots from my new map C&C\_Blizzards.  
<http://www.landairsea.netfirms.com/ScreenShot45.jpg><http://www.landairsea.netfirms.com/ScreenShot46.jpg><http://www.landairsea.netfirms.com/ScreenShot48.jpg><http://www.landairsea.netfirms.com/ScreenShot49.jpg>This map doesn't feature anything new or fancy, but it is designed to be a well thought out, good looking, well working map. It has a big open area for tank battles, a large tunnel system, and it is almost impossible to tank wh0re on this map (i like to call it n00b proof). The idea is to do big, organized tank rushes, and guard the tunnels against infantry rushes. This map should be ready in less than a week.
