Don't pin the creation of that abomination on us!

Yes, but the God Crate was never, and will never be, part of SSAOW's parent, Dragonade.

The God crate makes no sense to me. Everyone hates when a cheater ruins a good game. I have never felt so dirty as when I got the God crate. Proceeded to walk across the tiberium field into the infantry barracks, with 3 or 4 GDI trying to kill me. Then placed all my newly acquired c4 on the MCT, and killed anyone looking at me funny. We were getting our asses tanned, would have lost, should have lost. Of course, the next map I had to convince half the players on the server that I wasn't cheating. God crate sucks, 2 thumbs down. Renguard is anti-cheat = good, God crate is a cheat = bad.

I don't think it would be so bad if it actually showed how much health it had with regards to its actual maximum armor/health, rather than what the maximum armor/health that the character is supposed to have.

I love God crates. Nothing is more satisfying then dropping a god with one or two headshots or just simply driving over them.

We got Ob-soldiers on the BBF Crazy AOW server, 3000 a piece, fires an ob beam, inf ammo & regens in the tiberium.

Pretty funny when you just want mess around, as said though one sniper shot to the head, its dead all the same.

Wasn't the God Crate first added when BHS created there own SSAOW version? I've never seen the God Crate when Vloktboky still coded SSAOW.
