Hello,  
I want to play Renegade online. But my Renegade is an older version, so i need to install 1.037 patch. In middle of the installation, it's says "Old file missing". Who can help me? i really like to play Renegade online, please help me! Or attach your latest version wolapi? please....

<ftp://ftp.westwood.com/pub/renegade/updates/>

Get the 1.037 patch that fits your language.

This is something really bugged what everyone has after patching to 1.037 and then opening Renegade without using the CD.

Press "Cancel", you can now just play the game. Although there will be no videos in-game.
