I downloaded Reneguard, but servers still say I am not running it. It kicks up when I start Renegade. Help, please.

Lol this will probably be moved to the Renguard discussions.

I'm sorry i do not have an answer for you. I am not tootoo fimiluar with Renguard. But i had a simuluar problem with it once.

You've installed it? Is there a game.exe AND game2.exe in your folder. Does Renguard detect corrupt game files or models and textures. Can you copy paste the Renguard status window and paste it here?

1) Yes.

2) Yes.

3) Not anymore.

4) Yes.
