I downloaded Reneguard, but servers still say I am not running it. It kicks up when I start Renegade. Help, please.

Lol this will probably be moved to the Renguard discussions.

I'm sorry i do not have an answer for you. I am not tootoo fimiluar with Renguard. But i had a simular problem with it once.

You've installed it? Is there a game.exe AND game2.exein your folder. Does Renguard detect corrupt game files or models and textures. Can you copy paste the Renguard status window and paste it here?

- 1) Yes.
- 2) Yes.
- 3) Not anymore.
- 4) Yes.
